COMMUNITY PROJECTS (SOUTH KANARA)--Supply of rotavating ploughing machines to ryots on loan basis--Allotment--Proposals.

Ref:- Government Memo.No.3838-Public (R.D.P.II)/54-3 dated 11-4-1955.

-o-

In reply to my proposal submitted to Government in my Ref. 5578-54.F dated 24-3-1955 for grant of an allotment of Rs.40,000/- for supplying rotavating machines to the ryots of this Project area on loan basis, the Government had issued orders in the reference cited, provisionally deferring the proposal, on the ground that the Government were considering supply of Fuji Walking cultivator and Paddlers to ryots. I was also informed that the orders of the Government in on this proposal would be issued as early as possible. I submit no orders have been received afterwards.

In this connection I submit that some of the leading ryots of this area who are keen on adopting modern and scientific method of cultivation had decided to go in for rotavating machines. They were attracted by this machine on account of the display in an exhibition in this area organised by the Agricultural Department. It was their clamour for this machine that forced me to take up the matter with the Government for allotment of funds. No doubt each machine will cost about Rs.3,000/- which seems to be costly. But only such of those ryots who are in a position to go in for it want it on loan basis. They deserve encouragement. There is only one year more of the Project period and this is the time for finalising the proposal. Permission may kindly be granted to supply 10 rotavating machines to competent ryots and an allotment of Rs.40,000/- may be sanctioned out of the 'Irrigation' budget of this Project for the purpose stated above or from any other budget

P.T.O.

hand.

I request the matter may kindly be taken up for consideration and orders passed early.

MANGALORE.

Sir,

Sub: Community Projects - South Kanara - supply of Rotavators on loan basis - remarks offered.

Ref: Government Endt. 5851 Public(RDI II)55-1 dated 28.8.55.

The Government in endorsement cited have called for remarks on the proposals submitted by the Project Executive Officer Mangalore in regard to the supply of rotavators to ryots to ryots on loan basis.

2. The attention of Government is solicited to this office T.1. 21/55 dated 7.5.55 wherein it has been suggested that this proposal may be deferred until the Fuji walking type tractors, which are comparatively cheaper, are received and tried.

3. As the Fuji type of tractors have not been purchased yet and trials are yet to be made to assess their utility in operations, it is not considered appropriate to go in for these rotavators at this stage.

Ref: From the P.E.O., Mangalore Ref.C.No.2289/55 dated 19.8.1955.
From the D.A. No.Tl.1292/55 dt. 26.9.55.

The attention of the P.E.O., Mangalore is invited to the orders issued in G.O.Ms.No.1318 Agriculture dt. 12th May 1955 (copy enclosed for reference) wherein the Govt. in the Agri. Dept. have approved the proposal of the D.A. to purchas a Japanese tractor (Fuji) type from Sri Indian Engineering and Commercial Corporation Ltd., Cawnpore for trial and experimental work. The D. has suggested that as the Fuji type of tractors have not yet been purchased and as the trials are yet to be made to assess their utility in operati it is not appropriate to go in for these rotavato at this stage. The P.E.O., Mangalore is informed that in the circumstances reported by the D.A. th proposal for the purchase of rotavating machines for supply to ryots on loan basis may be deferred for the present.
